SELECTION CRITERIA

Applicants must demonstrate how the project or organisation will benefit Australian songwriters and composers. Our aim is to provide a funding contribution to projects that will help our members to:

- Develop songwriting or composition skills
- Receive public recognition for their talent (awards or other forms of acclaim in Australia or overseas)
- Collaborate and co-write new songs or compositions
- Showcase their talent to a wider audience
- Further develop their music career by learning about the music industry

Through our APRA AMCOS Music Grants program, we focus on supporting Australian songwriters and compositions, rather than funding recordings, recording artists, touring costs, or creative development projects that primarily benefit individual members.

PREFERENCE WILL BE GIVEN TO:

- Projects or organisations that broadly benefit Australian songwriters and composers rather than an individual writer or a small number of writers.
- Applicants that can demonstrate a proven ability to plan and execute projects, or establish and maintain organisations that benefit Australian music.
- Organisations or projects which are non-profit in nature (although commercial projects are not excluded from eligibility)
- Applicants that demonstrate sponsorship or other financial contributions from third parties to the project or organisation. APRA Music Grants are not intended to fund your entire project.
- Applications that provide required budget information and support material.

You are not eligible to apply if you have failed to acquit or meet the requirements of a grant received in a previous round.

Applications will be reviewed and determined by the Board Awards and Music Grants Committee and approved by the APRA Board.

APPLICATIONS CLOSE 10 JULY, 2020
